

Patient Guide- Overview

Introduction

Welcome to Kat & Co.

Our clinic started life in 2008 as a single-surgeon practice, built around Mrs. CC Kat's predominantly hospital-centered busy cosmetic surgery work in the West Midlands.

We are currently a multidisciplinary team offering a full spectrum of aesthetic medical and cosmetic surgical treatments, with surgeons complementing each other's skill sets and special areas of interest.

Our Day Surgery service has grown from strength to strength, with a wide range of surgery, from simple excision to tummy tucks, being carried out under local anesthesia, twilight anesthesia (conscious sedation) and total intravenous anesthesia.

This guide covers some of our processes and terms and conditions. You can find more details on www.cckat.com.

Consultations (New Patient Pack)

Typically, the consultation is payable upon booking your appointment. Please note the information we need to collect from you to carry out the clinical assessment and the terms of our cancellation policy.

Booking surgery (Surgery Agreement)

Surgery booking is usually not accepted within 2 weeks of your consultation. This 'cooling period' is the accepted best practice adopted in UK medicine. We also encourage our patients to postpone any decision on surgery till they have received their consultation letter.

A non-refundable holding deposit is payable upon booking surgery, with the balance of payments due within a week.

Your surgery booking constitutes a contract with Kat & Co which operates alongside the contract you have with your surgeon.

Patient Survey

We collect patient feedback regularly. Within this guide, you will find a summary of our latest study.

Complaints

Our complaints procedures are also available on our website www.cckat.com.

Please approach any member of staff if you have any concerns or unhappiness about your contact with us. They will be happy to help and direct your concerns to the Practice Manager.

Care Quality Commission

We are regulated by the CQC as an Acute Independent Hospital.

You can find more details here <https://www.cqc.org.uk/provider/1-101634421/services>.

Kat & Co Aesthetics Limited Fair Processing Notice

Our responsibilities

Kat & Co Aesthetics Limited is the data controller of the personal data you provide. We have appointed Dr H Kat as Data Protection Officer and he will have day to day responsibility for ensuring that we comply with the Data Protection Legislation and for dealing with any requests we receive from individuals exercising their rights under the Data Protection Legislation.

Why do we process your personal data?

We process your personal data in order to provide you with the services you have requested, to fulfil the contract we have entered into with you or to receive services or goods from you. We may also process your personal data to respond to any queries or comments you submit to us and to correspond with you on a day to day basis.

We may need personal data from you to be able to provide services to you, to meet our legal obligations, to enter into a contract with you and to provide you with all the information you need. If we do not receive personal data from you, we may be unable to fulfil our obligations to you.

We process most of your information on the grounds of consent from you, legitimate interests, performance of a contract we have entered into with you, protection of the vital interests of a Data Subject or, in the case of special categories of data, processing for the provision of healthcare or treatment or the management of healthcare systems or services.

If we obtain consent from you to process your personal data, you can withdraw your consent at any time. This won't affect the lawfulness of any processing we carried out prior to you withdrawing your consent.

Who will receive your personal data?

We only transfer your personal data to the extent we need to. Recipients of your personal data may include:

- *Your GP*
- *Other clinicians or services involved in your care.*

We don't transfer your personal data outside of the EEA.

How long will we keep your personal data?

We will retain your personal data for 30 years. We retain your information for this period in case any issues arise or in case you have any queries. Your information will be kept securely at all times. Following the end of the 30 year period, your files and personal data we hold about you will be permanently deleted or destroyed. If we are required to obtain your consent to process your personal data, any information we use for this purpose will be kept until you withdraw your consent, unless we are entitled to retain the personal data on the basis of other grounds set out in the Data Protection Legislation.

What are your rights?

You benefit from a number of rights in respect of the personal data we hold about you. We have summarised the rights which may be available to you below, depending on the grounds on which we process your data. More information is available from the Information Commissioner's Office website (<https://ico.org.uk/for-organisations/guide-to-the-general-data-protection-regulation-gdpr/individual-rights/>). These rights apply for the period in which we process your data.

1. Access to your data

You have the right to ask us to confirm that we process your personal data, as well as having the right to request access to copies of your personal data. You can also ask us to provide a range of information, although most of that information corresponds to the information set out in this fair processing notice. We will provide the information free of charge unless your request is manifestly unfounded or excessive or repetitive, in which case we are entitled to charge a reasonable fee. We may also charge you if you request more than one copy of the same information.

We will provide the information you request as soon as possible and in any event within one month of receiving your request. If we need more information to comply with your request, we will let you know.

2. Rectification of your data

If you believe personal data we hold about you is inaccurate or incomplete, you can ask us to rectify that information. We will comply with your request within one month of receiving it unless we don't feel it is appropriate, in which case we will let you know why. We will also let you know if we need more time to comply with your request.

3. Right to be forgotten

In some circumstances, you have the right to ask us to delete personal data we hold about you. This right is available to you:

- Where we no longer need your personal data for the purpose for which we collected it
- Where we have collected your personal data on the grounds of consent and you withdraw that consent
- Where you object to the processing and we don't have any overriding legitimate interests to continue processing the data
- Where we have unlawfully processed your personal data (i.e. we have failed to comply with GDPR); and
- Where the personal data has to be deleted to comply with a legal obligation

There are certain scenarios in which we are entitled to refuse to comply with a request. If any of those apply, we will let you know.

4. Right to restrict processing

In some circumstances, you are entitled to ask us to suppress processing of your personal data. This means we will stop actively processing your personal data but we don't have to delete it. This right is available to you:

- If you believe the personal data we hold isn't accurate – we will cease processing it until we can verify its accuracy
- If you have objected to us processing the data – we will cease processing it until we have determined whether our legitimate interests override your objection
- If the processing is unlawful; or
- If we no longer need the data but you would like us to keep it because you need it to establish, exercise or defend a legal claim

5. Data portability

You have the right to ask us to provide your personal data in a structured, commonly used and machine-readable format so that you are able to transmit the personal data to another data controller. This right only applies to personal data you provide to us:

- Where processing is based on your consent or for performance of a contract (i.e. the right does not apply if we process your personal data on the grounds of legitimate interests); and
- Where we carry out the processing by automated means

We will respond to your request as soon as possible and in any event within one month from the date we receive it. If we need more time, we will let you know.

6. Right to object

You are entitled to object to us processing your personal data:

- If the processing is based on legitimate interests or performance of a task in the public interest or exercise of official authority for direct marketing purposes (including profiling); and/or
- For the purposes of scientific or historical research and statistics

In order to object, you must have grounds for doing so based on your particular situation. We will stop processing your data unless we can demonstrate that there are compelling legitimate grounds which override your interests, rights and freedoms or the processing is for the establishment, exercise or defense of legal claims.

Automated decision making

Automated decision making means making a decision solely by automated means without any human involvement. This would include, for example, an online credit reference check that makes a decision based on information you input without any human involvement.

We don't carry out any automated decision making using your personal data.

Your right to complain about our processing

If you think we have processed your personal data unlawfully or that we have not complied with GDPR, you can report your concerns to the supervisory authority in your jurisdiction. The supervisory authority in the UK is the Information Commissioner's Office ("ICO"). You can call the ICO on 0303 123 1113 or get in touch via other means, as set out on the ICO website - <https://ico.org.uk/concerns/>.

Any questions?

If you have any questions or would like more information about the ways in which we process your data, please contact

Dr H Kat at enquiry@cckat.com

Details of our CQC inspection reports and contact details for the CQC can be found here:

Kat & Co Aesthetics Limited

Kat & Co Aesthetics Limited - Data Protection Consent Form

Background

Kat & Co Aesthetics Limited uses your personal data for a number of different reasons. Personal data is any information that identifies you or, in some cases, information that is about you such as an opinion. It includes your name, email address, postal address, job role, photographs, CCTV and more sensitive types of information such as medical and health records, your care plan, information about your religious beliefs, origin and race, your sexual orientation and your political views.

We comply with the law in place in the UK around data protection when we use your personal data, which is known as "GDPR" (short for the General Data Protection Regulation). It allows us to use your personal data for a number of reasons without checking with you that it's ok for us to do so. For example, where we can show that we have legitimate reasons to use your personal data or where we need to use your personal data to provide you with the services you have requested from us, or to meet a legal obligation placed on us.

However, in some situations, we need you to confirm that you are happy for us to use your personal data.

What happens next?

If you are unsure about why we are processing your personal data for the reasons set out above, or what we are doing with it, please ask Kat & Co Aesthetics Limited who would be happy to provide more information. Please do not sign this form until you are happy that you understand its content.

If you give Kat & Co Aesthetics Limited consent to use your personal data in the ways explained above, you can ask Kat & Cos Limited to stop using your personal data in this way at any time by speaking to Dr H Kat or by emailing us at enquiry@cckat.com, writing to us at or phoning us on 0121 456 7930.

Please indicate the way you are happy for Kat & Co Aesthetics to use your personal data and sign below:

- To carry out your assessment and treatment
- To keep you informed of new treatments and other developments within our practice

COMPLAINTS POLICY

Author – Dr H Kat, Clinic Director

Purpose For Policy/Procedure

Kat & Co Aesthetics aims to provide all Patients with the highest standards of care and customer service. If we fail to achieve this, we listen carefully and respond to complaints swiftly acknowledging any mistakes and rectifying them so that we can make improvements to our service. The complaints full policy is made available to patients, their affected relative or a representative when they first raise concerns about any aspect of the service they have received.

Procedure

There will be 3 stages to Provider's complaints process: -

- Stage 1 – Local resolution;
- Stage 2 – Internal appeal;
- Stage 3 – Independent external review.

Stage 1 - Local Resolution

1. All complaints should be raised directly with the Clinic Manager in the first instance and should normally be made as soon as possible / within 6 months of the date of the event complained about, or as soon as the matter first came to the attention of the complainant.
2. The Patient will be given a copy of our complaints procedure and invited to attend a face-to-face meeting with the Clinic Manager and other relevant parties to talk through their concerns and to try and resolve the issue at an early stage.
3. The Clinic Manager will go through a thorough process of investigation to include reviewing the case in detail and taking statements from all staff members / doctors concerned. The Clinic Manager responds directly to the person who has made the complaint, whether the complaint was made verbally, by letter, text or email, however we do not respond to complainants via email.
4. To make a formal complaint the complainant should write or e-mail to Provider clearly stating the nature of their complaint and as much detail concerning dates, times and if known names of staff members. This will enable us to acknowledge and address the issues raised promptly and effectively

5. The Clinic Manager will acknowledge receipt of a written complaint, to the complainant's postal address provided (or via email) within 3 working days of receipt (unless a full reply can be sent within 5 days).
6. The Clinic Manager or their designated person will investigate all complaints. Where Provider is unclear on any point or issue regarding the complaint, it will contact the complainant to seek clarification.
7. A full response to the complaint will usually be made within 20 working days or, where the investigation is still in progress, send a letter explaining the reason for the delay to the complainant, at a minimum, every 20 working days. The aim should be to complete stage 1 in most cases within three months.
8. In the event that the complainant is dissatisfied with the response to their complaint they can escalate their complaint to Stage 2, and must do so in writing, within 6 months of the final response to their complaint at Stage 1.

Stage 2 - Complaint Review

1. If the complainant escalates their complaint to Stage 2, the Clinic Manager will provide a written acknowledgement to complainants within 3 working days of receipt of their complaint at stage 2 (unless a full reply can be sent within 5 working days).
2. The Clinic Manager will have arrangements in place by which to conduct an objective review of the complaint. Normally this will involve a senior member of staff with the IHP, who has not been involved in handling of the complaint at stage 1.
3. Stage 2 shall involve a review of all the documentation and may include interviews with relevant staff. The records made as part of the stage 2 review should be complete and retained since these may be required for a stage 3 process.
4. Provide a review of the investigation and the response made at stage 1.
5. Invite the staff or team that responded at stage 1 to make a further response, where there is an opportunity to resolve the complaint by taking a further look at a specific matter. The complainant should be kept informed where this happens.
6. Consider whether the review at stage 2 would be supported by facilitating a face-to-face meeting (or teleconference, where acceptable) between the complainant and those who responded to the complaint at stage 1.
7. Provide a full response on the outcome of the review within 20 working days or, where the investigation is still in progress, send a letter explaining the reason for the delay to the complainant, at a minimum, every 20 working days.
8. The aim should be to complete the review at stage 2 in most cases within three months.
9. In the event that the complainant is dissatisfied with the response to their complaint they may escalate their complaint to Stage 3.

Stage 3 - Independent External Adjudication

At Stage 3 complainants have the right to an independent external adjudication of their complaint. Requests for independent external adjudication should be made to The Independent Sector Complaints Adjudication Service (ISCAS), in writing, within 6 months of receipt of the Stage 2 decision letter.

Complainants cannot access Stage 3 until they have gone through Stages 1 and 2 and ISCAS will direct complainants back to Provider where appropriate. To access Stage 3, complainants are asked to sign a 'Statement of Understanding and Consent', thereby agreeing to the parameters of Stage 3.

Complainants will need to set out in writing for the Adjudicator:

- (a) The reasons for the complaint
- (b) What aspects of the complaint remain unresolved after Stages 1 and 2
- (c) What outcome the complainant is seeking from Stage 3
